Dear Residents,

To register your guest for an overnight stay in visitor parking you will need to register their vehicle through the T.S.D Parking System by visiting the following link:

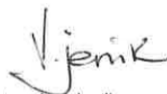

mobliesupport.extendcomm.com

and enter your PIN number which is associated with your unit number. Once you have completed this be sure to obtain the email confirmation which is proof of registering the vehicle. If you have misplaced your PIN number, please contact the management office at:

It is important that visitor parking is for registered guests only and not permitted for extra parking for owner's/ residents within the complex, utilizing your garage and driveway accordingly. Ensure you have provided your vehicle information to the management office.
